

Holly class Home learning pack- Spring 2 2020

Activities for daily practice.

Please try to read daily for 5-10 minutes.

Read and learn 3 high frequency words and practice writing them or write them in a sentence. (see sheet)

Practise your counting to 20, learning one more/one less and your number bonds to 10.

Writing activities.

Keep a diary. Write about a special story. What would you do if your favourite toy came to life? What would you do if you woke up invisible? Imagine you could have a superpower - what would it be and what would you do?

Make a model and write instructions for how to make it. You could make an ladybird or a spider.

Write a mini beast story or fact book.

Practise your letter formation (see attached sheet)

Topic activities.

Make up a song about an insect.

Look at the Nature Detectives website.

Active learning.

Keep physically active with learning linked ideas with <https://www.bbc.co.uk/teach/supermovers>

Lots of movement and mindfulness videos created by child development experts on www.gonoodle.com
(Holly Class love banana banana meatball!)

Phonics.

Use the phonics play website for interactive phonics games and many ideas and resources to help children to learn to hear phonemes, recognise graphemes and develop the blending and segmenting skills that are vital for learning to read and spell.

Numbots

From the makers of Times Tables Rock Stars use this learning platform for learning to add and subtract. NumBots is about every child achieving the understanding, recall and fluency in mental addition and subtraction, so that they move from counting to calculating.

Other activities

Children will need comfort and reassurance and will respond best to a routine. Spend time together: going for a walk, baking cookies, try out a science experiment, play a board game, build a Lego model, look for insects in the garden, share a story or cuddle up under a blanket and watch a film together.
